Joel & Joann Gensler

Ride Coordinators:
Al and Shirley Klein

Educators
John & Michele Howe

With a heavy heart I am announcing that our last North Dakota GWRRA Chapter is coming to a close. Capital Wing Riders ND-C in Bismarck ND will be closing this fall.

In order to have a GWRRA chapter you need at least two positions to be filled, Director and Treasure. With no one to step up as Director, we are missing the key position to having a GWRRA chapter. For the last several years Ann and I have been the Chapter Directors and have tried several different ways to increase the membership and the member participation. It hasn't gone as I had expected.

Because Ann & I have been traveling and living full time in the RV the last couple years I have not been able to work with the chapter as needed.

It has been an honor to be the chapter director for all last few years. We have enjoyed the weekly Wednesday evening rides.

The MN/ND district is still in place and will still host rally's, training, and updates. If you need information please contact MN/ND district directors, Bob and Renae Hicks at q.bob.renae@gmail.com.

Clint Wald

October 2021

Scott and I are busy trying to beat the weather and get as many rides in as possible. Yes, it's now October and our riding season is starting to wind down. You can tell because we're **all** trying to ride as much as we can. All we can hope for is a few more riding days to get us through to next season.

With the cooler weather comes a reminder to ride even more safely. The temperature of the pavement is starting to cool so tires don't grip as well. Of course, that's hard to fathom when just two weeks ago the temp hit 90°! The leaves are changing colors and falling which means potential slippery spots in the mornings and/or in shaded areas. The temperature swings are in, well, full swing – from mid-40's in the mornings to mid-70's in the afternoons.

I am working on putting together a Medic First Aid course. My preferred venue of choice would be Dehn's Country Manor in Dayton (Maple Grove area). I'm not sure if the course will be on a Saturday or Sunday – depends on when the room is available. Stay tuned for further information.

Till next time.....be safe and ride often!
